## Full Stack Developer

Experienced full-stack developer with over 3 years of experience designing, building, and supporting complex web applications. Expertise in various technologies, providing high-quality solutions that exceed clients' expectations. Eager to join a dynamic team or stand-alone to utilize technical skills and stay updated on industry trends.

## WORK EXPERIENCE

**DevHouse: Faisalabad, Pakistan 01/2020 – 10/2024**

**Current Role: Fullstack Developer**

- Played a key role in developing many diverse software projects at DevHouse.
- Skilled in various programming languages and tools, handling both the user-facing (front-end) and internal workings (back-end) and business logic of projects smoothly and expertly.
- Developed scalable and robust web applications.
- Troubleshooted and debugged issues effectively to ensure smooth application performance.
- Lead a development team for one year and demonstrated leadership skills.
- Developed software independently and collaboratively with small and large teams.
- Maintained knowledge of emerging frameworks and libraries in the the dynamic field of software development.
